

Crossroads family enjoys Wetlands Water Park

In our last 'Crossroads on the Road' event for the summer, Crossroads rented Jonesborough's Wetlands Water Park on Sunday evening, August 24th for a great time of fun and fellowship together. About 165 people came to enjoy the attractions of the park as well as the company of the others in the group. Those attending brought snacks to share in the pavilion, and the combination of food, people, and fun made for a great evening! Kids of all ages attended what has become an annual event for the church. The smallest ones enjoyed the rain tree, the tumble buckets, and the water bubblers. Others in the group spent their time on the three water slides and the lazy river, while a number of students played beach volleyball.
